SUMMARY

Full-Stack Developer with hands-on experience across React, Node.js/Express, MongoDB, and Python (FastAPI), building secure, end-to-end web applications. Skilled in authentication and REST API design, with a solid front-end foundation in React and a growing interest in backend systems and AI-driven tools.

SKILLS

Languages: C, Java, JavaScript, Python, HTML, CSS

Frontend: React.js, Tailwind CSS, Bootstrap, Framer Motion

Backend: Node.js, Express.js, FastAPI, REST APIs, JWT

Data/ ML: Numpy, Pandas, Matplotlib, Scikit-learn, Linear Regression

Databases: MongoDB, Mongoose, MySQL

Tools & Testing: Git, GitHub, Postman, Appwrite, Firebase, Netlify

DSA: Arrays, Linked List, Stack, Recursion, Tree

EXPERIENCE

Full-Stack Developer Intern — Lumzy, Noida

Jul 2026 – Aug 2026

- Contributed to two internal FastAPI web applications - a survey tool and a project management tool - across UI development and backend support.
- Built and refined frontend components for the organization's official website, focusing on responsiveness and usability.
- Performed functional testing across live sites to identify and report bugs before release.

PROJECTS

WorkLoom – Full-Stack Project Management Tool

Link : work-loom-liart.vercel.app

- Built a full-stack, Jira-style project management platform solo, end-to-end, using the MERN stack (MongoDB, Express, React, Node.js).
- Implemented secure JWT-based authentication and authorization with Express middleware, including rate limiting and sanitization against NoSQL injection and XSS.
- Designed MongoDB schemas with Mongoose and built validation middleware for robust request handling across all API endpoints.
- Crafted an interactive, animated UI with Tailwind CSS and Framer Motion, including drag-and-drop boards and smooth-scroll interactions.

Resumind – AI Resume Analyzer

Link : ai-resume-navy.vercel.app

- Built an AI-powered resume analyzer to speed up and improve the accuracy of resume evaluations.
- Architected the frontend using React (Vite) and TypeScript with React Router v7, prioritizing clean design and smooth navigation.
- Integrated authentication, AI-driven analysis, and cloud storage using Puter.js for reliable, scalable functionality.

ThoughtHaven – Full-Stack Blog Application

Link : thoughthaven.netlify.app

- Developed a full-stack blogging platform using React 19 and Tailwind CSS.
- Connected Appwrite (BaaS) for secure JWT authentication, database operations, and media storage.
- Built complete post management with the TinyMCE editor, supporting rich-text authoring, editing, and author-specific access control.

ASKIO & Echosait – AI & Voice-Enabled Web Apps

Link : askio.netlify.app | echosait.netlify.app

- Built ASKIO, an AI-powered chatbot supporting chat, content generation, code assistance, and translation using React and the Google Gemini API.
- Designed a clean, responsive UI with React, Tailwind CSS, and React Router.
- Built Echosait, a text-to-speech app using the Web Speech Synthesis API for real-time voice output with a responsive, intuitive interface.

Note Nostre – Full-Stack Notes App

Link : fire-base-notes-app.vercel.app

- Designed a full-stack notes application using React, Tailwind CSS, and Firebase with real-time data sync and user authentication.
- Integrated the TinyMCE rich-text editor for note formatting, with automatic categorization by year and month.
- Strengthened understanding of frontend-backend connectivity and responsive UI design.

ACHIEVEMENTS

SAP AIDEVCON 2025 – Offline Conference & Hackathon

November 2025

- Selected to attend SAP AIDEVCON 2025 as one of the few student participants among industry professionals, gaining first-hand exposure to SAP BTP, AI-driven solutions, and enterprise application development.
- Won the hackathon as part of a team that built EduPirate, an SAP-powered platform tackling EdTech content piracy.

EDUCATION

Maharaja Surajmal Institute – GGSIP University, BCA

Aug 2024 – Present

CGPA: 9.79

Kendriya Vidyalaya No. 1, Delhi Cantt — Science with Computer Science

Aug 2022 – Mar 2024

CERTIFICATIONS

[Data Analyst – SAP Analytics Cloud, SAP](#) (Mar 2026) | [Introduction to Generative AI, Simplilearn](#) (Jul 2025)

LANGUAGES

English, Hindi
